On August 11, 2008 Arbitrator Javitz ruled against the Fraternal Order of Police in the grievance over the language in section 6.2 of the Memorandum of Understanding. In the decision Arbitrator Javitz used the principle of contra proferentem "A central principle of contract interpretation is that where a contractual expression has two or more plausible readings, the preferred interpretation should be the one that is less favorable to the party proposing the language."

- Currently we have 4 grievances pending compensation under section 6.2 for officers who had to take police action while working secondary employment. As a result of this decision, those grievances are denied.
- We will offer to meet with management to discuss the decision and clarify any related issues.
- The County has filed a motion to vacate the Arbitration decision for the retiree subsidy grievance. That motion was filed in the Baltimore County Circuit Court. The FOP will file a response supporting the arbitration decision.

LEGAL ADVISORY COMMITTEE

~ Dave Rose ~

- On August 11, 2000, the Maryland Court of Appeals denied the Fraternal Order of Police request for a writ of certiorari in the Brian Miller case. The Court of Special Appeals previously ruled the subpoena issued for Bro. Miller's phone records was illegal. The decision also included language that said even though the agency obtained the evidence illegally it could still be used against the officer because the LEOBR does not have an exclusionary rule. I have met with the Commander of Internal Affairs, Major Evans, and he has assured me that the trail board chairperson will no longer issue subpoenas for Internal Affairs investigations or use any evidence that was obtained by illegal means.
- The Fair Labor Standards Act (FLSA) case for uniform secondary employment in Baltimore

County Public Schools is in Federal Court and we are currently waiting for a trial date.

- We are currently waiting for a trial date in Baltimore County Circuit Court in the case filed by the FOP against County Executive Jim Smith for violation of the Employee Relations Act after this years binding arbitration award.
- The Blake case is set to move forward in Federal Court. President Weston and I met with our attorney and representatives from the Department of Justice on July 30. On August 22, 2008 we requested notice of the right to sue. We are moving forward with a motion to amend the suit for a permanent injunction and a claim for damages. Any additional discovery will be conducted by October when attorneys from both sides will meet with the judge to set a trial date.
- The Equal Employment Opportunity Commission (EEOC) issued a determination in Bro. Ed Pfister's case. In review of the evidence, the EEOC found that during the time period between February and May 2007, Ed Pfister was scheduled and/or required to undergo several additional medical exams. EEOC Guidance, "Workers' Compensation and the American with Disabilities Act (ADA)", states, in part, ..."Excessive questioning or imposition of medical examinations may constitute disability based harassment which is prohibited by the ADA". It is concluded that there is reasonable cause to believe the County has violated the Americans with Disabilities Act

Important Notice concerning the Board of Trustees of the Employees' Retirement System of Baltimore County

As provided for by the rules and regulations of the Employees' Retirement System of Baltimore County, two members will be elected from the active membership of the system, and one retiree will be elected by the retired membership of the system. The person elected to each of these positions will serve a four year term.

The trustees of the pension system oversee and make policy decisions regarding assets invested by the system. They monitor and evaluate investment manager performance, adherence to policy guidelines, and the performance of the fund as a whole. Additionally, the trustees review and vote on applications for accidental and ordinary disabilities, good and faithful service considerations, and over age sixty work extensions.

I have served as a trustee for the last two terms, and I am seeking your support to continue serving for the next four years. I have gained the knowledge and experience to competently represent all of the members of the Employees Retirement System. Prior to my election, Baltimore County Fraternal Order of Police Lodge #4 did not have any representation on the Pension Board of Trustees. I can not stress to you enough, the importance of having an elected representative of this organization on the Pension Board of Trustees.

Ballots will be mailed to your residence in September and must be returned postmarked no later than October 17, 2008. Please look for your ballot, vote for Cole B. Weston, so I may continue to serve you in this very important position.

Thank you for your continued support.

Cole B. Weston
FOP Lodge 4 President

as to unequal terms and conditions of employment. The EEOC will make an attempt to conciliate with both parties. If conciliation is unsuccessful the case will be forwarded to the Department of Justice.

- Currently the Department of Justice is reviewing cases of alleged violations of the ADA from three (3) of our members; Mike Lauenstein, Phil Crumbaker and Jeff Ward.
- Recently the EEOC issued a determination in the Bro. Richard Czyzewski case. In review of the evidence, the EEOC found that six months after an on the job injury in which Bro. Czyzewski had no medical issues which inhibited him from performing his daily job functions the County ordered him to undergo a workability exam and disclose his entire medical history. The County determined he was 84% disabled due to his prior on the job injuries. The County's position is unsubstantiated by any factual medical documentation and therefore, is not a legitimate reason for the actions taken. Furthermore, the unreasonable justification the County has identified for totaling up a police officer's on the job injuries and treating the officer adversely on that basis has a disparate impact on older police officers, as a class. The evidence obtained during the investigation establishes that the County violated the ADA and the ADEA. Currently, the parties are in conciliation. The EEOC will maintain jurisdiction in this case because of the age discrimination issue.
- August 31, 2008 will be 1 year
